Growing in Christ is a process of learning to live in such a way as to adopt the character traits and priorities of Jesus Christ.

Applying two foundational truths from Romans 8 will help every Christian *grow in Christ* during uncertain times...

Foundational Truth 1—God is at work!

This first foundational truth can help us embrace uncertain times without discouragement and fear because we know that God loves us, and He is working all things for good.

Foundational Truth 2—God is protecting!

This second foundational truth offers peace and confidence during uncertain times because our future is protected and secured by God.

We love and serve a God who first loved us. He has the power to use all circumstances in our lives for good. We who follow Christ must rest on these two foundational truths—God is working and God is protecting!
